

NUTRITION AND FOOD SAFETY POLICY

As per Education and *Care Services National Law and Regulations*, our Service has a nutritional and food safety policy and procedures in place to ensure quality practices relating to nutrition, food and beverages and dietary requirements are followed at all times.

Our Service recognises the importance of safe food handling and healthy eating to promote the growth and development of young children and is committed to supporting the healthy food and drink choices of children in our care. We acknowledge that the early childhood setting has an important role in supporting families in healthy eating. Our Service therefore recognises the importance of supporting families to provide healthy food and drink to their children.

We are committed to implementing the healthy eating key messages outlined in the Australian Dietary Guidelines and the Australian Guide to Healthy Eating. We support and promote the NSW Health initiative *Munch & Move* and utilise the Australian Government's *Get Up & Grow-Healthy Eating and Physical Activity for Early Childhood* and *Eat for Health* resources.

NATIONAL QUALITY STANDARD (NQS)

QUALITY AREA 2: CHILDREN'S HEALTH AND SAFETY		
2.1	Health	Each child's health and physical activity is supported and promoted
2.1.2	Health practices and procedures	Effective illness and injury management and hygiene practices are promoted and implemented
2.1.3	Healthy lifestyles	Healthy eating and physical activity are promoted and appropriate for each child

EDUCATION AND CARE SERVICES NATIONAL REGULATIONS	
77	Health, hygiene and safe food practices
78	Food and beverages
79	Service providing food and beverages
80	Weekly menu
90	Medical conditions policy

91	Medical conditions policy to be provided to parents
160	Child enrolment records to be kept by approved provider and family day care educator
162	Health information to be kept in enrolment record
168	Education and care service must have policies and procedures
170	Policies and Procedures to be followed
171	Policies and procedures to be kept available
172	Notification of change to policies or procedures

PURPOSE

Early childhood education and care (ECEC) Services are required by legislation to ensure the provision of healthy foods and drinks that meet the requirements for children according to the *Australian Dietary Guidelines*. It is essential that our Service partners with families to provide education about nutrition and promote healthy eating habits for young children to positively influence their health and wellbeing. Dietary and healthy eating habits formed in the early years are shown to continue into adulthood and can reduce the risk factors associated with chronic adult conditions such as obesity, type 2 diabetes and cardiovascular disease.

Our Service recognises the importance of healthy eating for the growth, development, and wellbeing of young children and is committed to promoting and supporting healthy food and drink choices for children in our care. This policy affirms our position on the provision of healthy food and drink while children are in our care and the promotion and education of healthy choices for optimum nutrition.

We believe in providing a positive eating environment that reflects dietary requirements, cultural and family values, and promotes lifelong learning for children, as we commit to implementing and embedding the healthy eating key messages outlined in the NSW Health's *Munch & Move* program into our curriculum and to support the *National Healthy Eating Guidelines for Early Childhood Settings* outlined in the *Get Up & Grow* resources.

Our Service is also committed to ensuring consistently high standards of food preparation and food storage and transportation are adhered to.

SCOPE

This policy applies to children, families, staff, educators, visitors, and management of the Service.

IMPLEMENTATION

Our Service has a responsibility to help children to develop good food practices and approaches, by working with families and educators.

Mealtimes reflect a relaxed and pleasant environment where educators engage in meaningful conversations with children. This assists in creating a positive and enjoyable eating environment. Food will be prepared in accordance with the Food Safety Program. All kitchens and food preparation areas will comply with Food Standards Australia and New Zealand (FSANZ) and any relevant local jurisdictional requirements (i.e., local council registrations and inspections). All staff involved in the stages of food handling have the skills and knowledge to ensure food safety is a priority.

Where food is brought from home:

- provide information to families on the types of foods and drinks recommended for children and that are suitable for children's lunchboxes
- encourage children to eat the more nutritious foods provided in their lunchbox, such as sandwiches, fruit, cheese and yoghurt, before eating any less nutritious food provided
- strongly discourage the provision of highly processed snack foods high in fat, salt, and/or sugar, and low in essential nutrients in children's lunchboxes. Examples of these foods include sweet biscuits, some muesli bars, breakfast bars and fruit filled bars, and chips.
- food items that should not be brought to the service include confectionary (lollies, sweets, chocolate, jelly), deep fried foods (chicken nuggets, fish fingers) and sugary drinks (cordial, energy drinks).

Promote healthy food and drinks based on the Australian Guide to Healthy Eating and the Dietary Guidelines for Children and Adolescents.

Our Service will:

Where food is brought from home:

- provide information to families on the types of foods and drinks recommended for children and that are suitable for children's lunchboxes in newsletters and information packs.

- encourage children to eat the more nutritious foods provided in their lunchbox, such as sandwiches, fruit, cheese and yoghurt, before eating any less nutritious food provided
- strongly discourage the provision of highly processed snack foods high in fat, salt, and/or sugar, and low in essential nutrients in children’s lunchboxes. Examples of these foods include sweet biscuits, some muesli bars, breakfast bars and fruit filled bars, and chips.
- food items that should not be brought to the service include confectionary (lollies, sweets, chocolate, jelly), deep fried foods (chicken nuggets, fish fingers) and sugary drinks (cordial, energy drinks).

APPROVED PROVIDER/ MANAGEMENT/ NOMINATED SUPERVISOR WILL:

- ensure educators and staff are aware of their responsibilities and obligations under the Education and Care Services National Law and National Regulations in relation to this policy and relevant procedures to ensure awareness of safe food handling practices while promoting healthy eating
- ensure new staff and educators are aware of food practices and procedures as outlined in this policy during induction and orientation
- ensure water is readily available for children to drink throughout the day in both the indoor and outdoor environment
- ensure food and beverages are offered to children regularly during the day
- ensure enrolment forms include information relating to child’s food preferences, allergies, intolerances, cultural or religious considerations or medical conditions which involve food or food practices
- consult with families on enrolment to develop individual management plans, including completing Risk Minimisation Plans for children with medical conditions involving food allergies, food intolerances and special dietary requirements as per *Medical Conditions Policy*
- ensure children’s individual dietary requirements as per enrolment information or medical condition plans are communicated to all staff and food handlers
- ensure any changes to children’s individual dietary requirements are recorded and communicated to all staff and food handlers
- encourage and provide opportunities for staff and educators to undertake regular professional development to maintain and enhance their knowledge about early childhood nutrition and food safety practices

EDUCATORS/ FOOD HANDLERS WILL:

- ensure water is readily available for children to drink throughout the day in both the indoor and outdoor environment.
- be aware of children with food allergies, food intolerances, and special dietary requirements and consult with families and management to ensure individual management plans are developed and implemented, including completing Risk Minimisation Plans for children with medical conditions involving food as per *Medical Conditions Policy*
- ensure all children remain seated while eating and drinking
- ensure all children are always supervised children whilst eating and drinking
- display nutritional information for families and keep them regularly updated
- ensure age and developmentally appropriately utensils and furniture are provided for each child
- not allow food to be used as a form of punishment or to be used as a reward or bribe
- not allow the children to be force fed or being required to eat food they do not like or more than they want to eat
- establish healthy eating habits in the children by incorporating nutritional information into our program
- talk to families about their child's food intake and voice any concerns about their child's eating
- encourage parents to the best of our ability to continue our healthy eating message in their homes

Storing food

Our Service will:

- ensure the refrigerator and freezer has a thermometer and that the refrigerator is maintained at 5 °C or below and the freezer is maintained at -17 °C or below
- ensure fridge and freezer temperatures are checked daily
- ensure that all foods stored in the refrigerator are stored in strong food-safe containers with either a tight-fitting lid, or tightly applied plastic wrap or foil
- ensure that all foods not stored in their original packaging are labelled with:
 - the name of the food
 - the 'use by' date
 - the date the food was opened
 - details of any allergens present in the food
- transfer the contents of opened cans into appropriate containers
- ensure all bottles and jars are refrigerated after opening
- store dry foods in labelled and sealed, air-tight containers if not in original packaging

- store dry foods in cupboards or if in a walk-in pantry, on shelving no lower than 30cm from the floor
- store bulk dry foods only in food-safe and airtight containers
- store cleaning supplies and chemicals separate to food items

Preparing and serving food

Our Service will:

- wash fruit and vegetables thoroughly under clean running water before preparation
- ensure unused washed fruit or vegetables are thoroughly dry before returning to storage
- ensure food that has been dropped on the floor is immediately discarded
- thoroughly clean kitchen utensils and equipment between using with different foods and/or between different tasks
- ensure that gloves are changed between handling different foods or changing tasks
- ensure all educators and staff are aware of children who have severe allergic reactions to certain foods as per ASCIA Action Plans
- ensure that unwell staff do not handle food.

Cleaning

Our Service will:

- ensure that food preparation areas and surfaces are cleaned both before, after, and during any food preparation
- ensure that all cooking and serving utensils are cleaned and sanitised before use
- ensure that all dishwashing sponges, brushes, and scourers are cleaned after each use and allowed to air dry or placed in the dishwasher
- ensure the food storage area is clean, ventilated, dry, pest free, and not in direct sunlight
- ensure refrigerators and freezers are cleaned regularly and door seals checked and replaced if not in good repair
- prevent pest infestations by cleaning spills as quickly as possible and ensuring rubbish and food scraps are disposed of frequently
- ensure that floor mops are thoroughly cleaned and air dried after each use
- replace any cleaning equipment that shows signs of wear or permanent soiling.

All staff handling food will:

- ensure children and staff wash and dry their hands (using soap, running water, and single use disposable hand towels) before handling food or eating meals and snacks

- ensure gloves (and food tongs) are used by all staff handling 'ready to eat' foods.
- ensure food is stored and served at safe temperatures (below 5°C or above 60°C), with consideration to the safe eating temperature requirements of children
- ensure separate cutting boards are used for raw meat and chicken, fruit and vegetables, and utensils and hands are washed before touching other foods
- discourage children from handling other children's food and utensils
- ensure food-handling staff members attend relevant training courses and pass relevant information on to the rest of the staff.

Creating a positive learning environment

Our Service will:

- ensure that educators sit with the children at meal and snack times to role-model healthy food and drink choices and actively engage children in conversations about the food and drink provided
- choose water as a preferred drink
- endeavour to recognise, nurture and celebrate the dietary differences of children from culturally and linguistically diverse backgrounds
- create a relaxed atmosphere at mealtimes where children have enough time to eat and enjoy their food as well as enjoying the social interactions with educators and other children
- encourage older toddlers and pre-schoolers to assist to set and clear the table and serve their own food and drink, providing opportunities for them to develop independence and self-esteem while promoting children's agency and decision-making
- respect each child's appetite. If a child is not hungry or is satisfied, do not insist he/she eats.
- be patient with messy or slow eaters
- encourage children to try different foods but do not force them to eat
- not use food as a reward or withhold food from children for disciplinary purposes
- role-model and discuss safe food handling with children

Service Program

Our Service will:

- foster awareness and understanding of healthy food and drink choices through including in the children's program a range of learning experiences encouraging children's healthy eating
- encourage children to participate in a variety of 'hands-on' food preparation experiences
- provide opportunities for children to engage in discovery learning and discussion about healthy food and drink choices
- embed the importance of healthy eating and physical activity in everyday activities and experiences

Cooking with children

Cooking can help develop children’s knowledge and skills regarding healthy eating habits. Cooking is a great, fun activity and provides opportunities for children to be exposed to new foods, sharing of recipes and cooking skills. On these occasions participating educators will be vigilant to ensure that the experience remains safe, and relevant food hygiene practices are adhered to.

Communicating with families

Our Service will:

- provide a copy of the *Nutrition and Food Safety Policy* to all families upon orientation at the Service
- provide opportunities for families to contribute to the review and development of the policy
- request that details of any food allergies or intolerances or specific dietary requirements be provided to the Service and work in partnership with families to develop an appropriate response so that children’s individual dietary needs are met
- communicate regularly with families about food and nutrition related experiences within the Service and provide up to date information to assist families to provide healthy food choices at home
- communicate regularly with families and provide information and advice on appropriate food and drink to be included in children’s lunchboxes. This information may be provided to families in a variety of ways including factsheets, newsletters, during orientation, information sessions and informal discussion.
- discuss discretionary choices- (food and beverages which are not necessary as part of a balanced diet) with families and if necessary.
